Project introduction

- Kaggle InClass competition

- Teams of 2 or 3 (3 preferred!) Work together on Teams or e-learning breakout rooms (or your own way)

- 8 guided exercises on a dataset. Need to submit your test predictions

- After that, simply train the best classifier you can manage

- Competition closes at 12:15 on the 22nd

- Presentations from 15:00-17:00 on the 22nd
